BRAND

Narrative- driven Curation

We design to tell your specific story, honoring your history while leaving room for new chapters to unfold.

ETHOS

Functional Aesthetics

Creating sanctuaries that are as effortless to live in as they are stunning to look at.

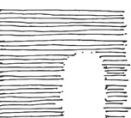

The Stylist's Lens

We design with the "final frame" in mind. Whether for a home or a brand, we ensure every angle is composed.

The Art of the Layer

We focus on "lived-in luxury" by layering textures, tones, and light to create depth, ensuring your interiors feel curated.

OUR SERVICES

Interior Design & Styling

From spatial planning to material selection, we blend functionality with high-end aesthetics to create environments that reflect your personality and lifestyle.

Interior Shoot

The art of the finishing touch. We curate furniture, art, and decor to breathe life into a room, ensuring every corner feels intentional, cohesive, and perfectly "lived-in."

STYLE DISCOVERY

Discover your design language with **Stylescope**, our signature style discovery quiz. Thoughtfully crafted to understand your preferences, it translates your choices into a clear, personalised style direction.

At the end, receive a curated **style guide** with a **tailored lookbook**, something you can use as a report, a starting point, or a complete visual brief for your space.

PROCESS CATEGORY *When to pick?*

Premium Design & Styling Process

- If you want a full, hands-off transformation → go Premium
- This is for you if you want me deeply involved, from big-picture vision to the **finiest details**. You don't want to second-guess choices, and you'd rather have everything thoughtfully **designed, customised, and executed** for you.
- **Best when:** It's your main home, a big project, or you want something truly cohesive and elevated.

Signature Design & Styling Process

- If you want direction but still enjoy being involved → go Signature
- This is a collaborative space. **A quick, easy design guide**. I set the design direction, help you avoid mistakes, and give you clarity but you're still part of the process and execution.
- **Best when:** you like making decisions but don't want to feel lost or overwhelmed.

Essential Design & Styling Process

- If you just need clarity and a starting point → go Essential
- You are confident in your design and know what you like, as well as how to pull it together you want someone to **"proofread" the designs** and get the sizing/proportions right. This gives you that extra layer of confidence without overcomplicating things.
- **Best when:** you're comfortable executing on your own but want a clear, well-guide before making a purchase and get value for money.

KIND WORDS

Manish Jaiswal

I am beyond impressed with the work of Spaces And Stories. From our first meeting to the final reveal, Nidhi brought a level of creativity and expertise that completely transformed my Villa in Goa. Her design sensibilities perfectly captured my vision, and the result is a stunning, functional piece that has been admired by everyone who has seen or visited my place. If you're looking for someone who can take your space to the next level, Spaces & Stories should be your choice.

"From our first meeting to the final reveal, Nidhi brought a level of creativity and expertise that completely transformed my Villa in Goa."

Deepa

It was an absolute pleasure to work with the team at Spaces And Stories. I recently did my home, a small, cozy 1 BHK Apartment in Goa. 1 BHK is not an easy space to work with, but they still created abundance through their design thinking.

In terms of production, knowledge of material, and knowledge of aesthetics, I think that they are an ocean of possibilities. So I would definitely recommend them. And thanks so much, team Nidhi, Ritu, Amit, and everyone else who was a part of this story of doing up my space in such love and perfection.

"In terms of production, knowledge of material, knowledge of aesthetics, I think that there are an ocean's possibilities."

KIND WORDS

Gagan & Shikha

We had invested in our very first home together, and choosing Nidhi as our interior designer was the best decision we made! Nidhi has a way with people, and we felt the very same warmth we needed to build our home with lots of love and care. She not only listens but also tries to understand the requirement in depth.

That's what made our journey with her and her team so beautiful. Our relationship with her since then is not only professional but we have

developed deep friendships, too. Budget or no budget, she is the one we recommend to each one of our friends and family. Thank you, Nidhi!

"Nidhi, has a way with people and we felt the very same warmth we needed to build our home with lots of love and care."

Nandini

I can think the best imitation of our thought, what we stand for, and how we are, can be best matched by Spaces And Stories, from thought to execution, the smaller details, less is more at times, and at times more is more, they have the best permutation and combination to make the place look and feel great.

They could understand our requirements and our personality and translate them the best.

KIND WORDS

Milin & Amruta

I really liked Nidhi's aesthetics and the vibe she created, even with small spaces, which can sometimes be challenging. The drive to create spaces that are unique and personal is what makes spaces & stories stand out. Surprisingly, the outcome was honestly better than what we'd expected.

With many hiccups in our journey due to situations out of our control, by the end of the process, we were extremely happy and content with the way Nidhi executed

our vision. Therefore, we went ahead with them to style our office space as well, which also turned out to be a great creative process for us. We have recommended spaces & stories to many of our friends and colleagues, and they, too, were happy with their service! Thank you for being a part of creating some of our core happy memories.

"The drive to create spaces which are unique and personal is what makes Spaces And Stories stand out."

NIDHI TIWARI

Founder & Creative Director

Interior stylist and art director with a background in textile design. After graduating from design school, she began her career working with leading home furnishing companies, where she styled products and led art direction for brand campaigns and catalogues.

It was here that she discovered her deep interest in the art of styling, how spaces and objects could be arranged to evoke emotion and tell a story.

Her experience expanded further while working with an interior magazine, where styling moved beyond products to full interior spaces. During this time, she noticed a gap between beautifully designed houses and homes that truly felt warm, lived-in, and reflective of the people inhabiting them.

“She discovered her deep interest in the art of styling,”

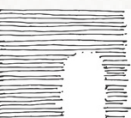

To bridge this gap, she founded Spaces And Stories, a studio dedicated to interior styling and art direction. Her approach focuses on translating personal narratives into thoughtfully curated spaces.

“To bridge this gap, she founded Spaces And Stories, a studio dedicated to interior styling and art direction”

Over time, vacation homes became a special focus of her work, where people express freer, more joyful versions of themselves, often breaking away from the usual rules of everyday living.

Through her work, Nidhi continues to shape spaces that are not only aesthetically refined but deeply personal and story-driven.

OUR TEAM

Gemine Laheri

Business Development & Operations Lead

He is a natural when it comes to bridging the gap between visionary design and technical execution. With a foundation in Architecture and a Master's in Construction Project Management from London, he spent his early career honing his design skills for two years before discovering his true calling: the complex, high-stakes world of project delivery.

Priyal Jaiswal

Lead Interior Stylist & Designer

An Architect with five years of academic training and a strong foundation in technical design, she brings precision to every project she touches. Her expertise extends beyond construction into the realm of visual storytelling, where she serves as a specialist in product and interior shoots. She manages the entire creative lifecycle, from meticulously sourcing inventory to directing the final, high-end editorial execution.

Gayatri Dhere

Interior Stylist & Designer

As a passionate Interior Designer, she focuses on purposeful, well-thought-out aesthetics. A graduate of ISDI Parsons, she brings a strong balance of creativity and technical skill. She enjoys concept-driven work and has a strong visual sense, allowing her to translate ideas into cohesive spaces with a distinct "visual pulse" that reflects its users.
